

Portable Light-weight AC Power Supply for your Indoor & Outdoor Needs!

**THE FIRST PORTABLE LITHIUM-BASED
AC POWER BANK WITH
BUILT-IN UPS FUNCTION!!**

**YOUR
SOLUTION
TO
PORTABLE
POWER**

AP-M400 / Plus

**USB/DC
Output**

AC Output

A **PORTABLE SOLUTION** that meets both
Outdoor AC Power Needs as well as
Indoor UPS Function for your electronics.

DEVICES	STANDBY USAGE HOURS (AP-M400)
Mobile Phones (5V)	Eg. iPhone - about 50 times
12V LED Light	3W/12V LED - about 90hrs
Desktop PC	CPU + LED Monitor - about 2 to 3hrs
Laptop Computer	13" Laptop - about 6 to 8hrs
Fan	about 6 hrs for a 50W fan
LED TV	about 4 - 5 hrs for 32" sized TV
Light Bulb	about 14hrs for a 20W Light Bulb

OFFLINE/STANDBY UPS FUNCTION

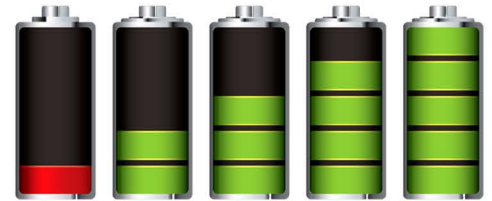

When AC Power source from the power grid is normal, electricity from the AC mains will be channelled to power the computer as well as to charge the AP-M400.

When electrical or power from the AC mains is lost, the AP-M400 will switch over to the lithium battery power to continuously provide power to the computer without disruption. Standby hour of 2 - 3 hours for a 100W equipment.

SPECIFICATIONS	
Product Model	AP-M400 /AP-M400 Plus
Capacity	288WH / 450WH
AC Nominal Output	400W
AC Input	100-240V, 50/60Hz
AC Output	220V/50Hz or 110V/60Hz
DC Output	4 x USB (5V), 4 x 12V (max 10A)
Output Waveform	Pure Sine Wave
Switchover Time	≤ 5ms
Solar Charging	18V (100W max)
Protection	Overload, Overcharge, Over-discharge, Short-circuit
Weight	3kg
Dimensions	11 x 13.5 x 28cm

Note: The connected load must be within 400W.
